

# Forever Movin' On

Music and Lyrics: Bob Janas

I'm steppin' out on the road today, and so it begins  
A feeling of freedom floats on the wind  
I'm wavin' goodbye to yesterday, and all that I've known  
I know that my destiny is my own, all my own  
Forever, forever movin' on  
Forever, forever movin' on

Wherever the road is leading me, wherever I'm bound  
I know there's a better life to be found  
There isn't a mountain high enough, no river too wide  
My spirit will spread its wings and I'll fly, gonna fly  
Forever, forever movin' on  
Forever, forever movin' on

I'll fly so high, soaring to the sun  
Can't stop, no, not while the spirit moves in me  
Yearning to be free

I'm steppin' out on the road today, to follow the track  
There's nothing and no one holding me back  
I'm wavin' goodbye to yesterday, and all that I've known  
I know that my destiny is my own, all my own  
Forever, forever movin' on  
Forever, forever movin' on

Forever, forever movin' on  
Forever, forever movin' on
